The procession of weirdly and beautifully garbed participants will begin at either 7:30 or 8 o'clock, with final decision to be made at another meeting of the committee Thursday evening, October 25.

The late start was decided upon to permit farmers and workers to get ready to participate in the parade. Political floats were barred from the parade, but commercial floats will be allowed.

### Hear Talk On Wills

A tape-recorded talk given by Hugh Kemp, vice president in charge of the planning department of a Pittsburgh bank, at a meeting of the Pennsylvania Automobile Dealers association in Pittsburgh was presented by Glenn C. Bream as the entertainment feature of the meeting.

Mr. Kemp spoke on the subject "Dying for All You Are Worth." He stressed the importance of making provision for the disposition of the estate and care of dependents after death through a will and other arrangements and said that if no will is made the intestate laws will dictate the disposition of property and funds. He cited tragic consequences which may result when no will is made.

Mr. Kemp also pointed out the provisions of the federal estate law and the laws of Pennsylvania covering inheritance and other death taxes, and said that many businesses have had to be sold to obtain money to pay the taxes. He urged that everyone set up his own plan in accordance with tax regulations to provide the most for the people he is most interested in after death.

The next meeting will be a joint Exchange-Rotary-Lions meeting Monday evening, October 15, at Trinity Evangelical Reformed church. A two-hour entertainment program has been arranged, President Garfinkle said.

## Here And There

News Collected At Random

**When Elmer E. Smith, of Kenosha, Wis., graduated from the Army Air Force Cadet training course at Gettysburg college in 1943 he vowed he would return to renew local acquaintances. He did just that this week. With Mrs. Smith, his bride of four years ago, the young man, who was commissioned as a pilot and fought in more than 40 sorties in Europe during the last war, came to Gettysburg to visit the college and take a guided tour of the battlefield. Incidentally, Smith won the Air Medal and two oak leaf clusters.**

"This is the finest little town I have ever seen. I'll never forget how swell the people of Gettysburg were to us cadets way back there, eight years ago. They did everything they could for us and I was determined to return. Now I'm happy," Smith said.

He recalled many favorite places and events in Gettysburg, especially the visit of Mrs. Nixon, wife of the Australian ambassador to the United States, who presented Air Force certificates to Smith's graduating class. ## OCT. 17 WILL BE 'STAY-AT-HOME' NIGHT IN TOWN

Burgess William G. Weaver today urged Gettysburg area residents to "Make October 17 Stay-At-Home Night."

The president of the local Community Chest noted: "That is the night the hundred or more solicitors for the Gettysburg Community Chest start their rounds of calls on homes in their districts. Please be at home. Leave a light of welcome burning so the 1951 campaign can be completed in the shortest time ever consumed in a major community drive."

"These public spirited Community Chest workers are volunteers. Every call-back you make necessary just adds to an already big job. Help them and the Chest by being at home when they call."

### Decorating Square

Burgess Weaver suggested that residents of the town have porch lights, or over front doors, lighted from 7 to 10 o'clock the night of October 17 to welcome the Community Chest canvassers.

Today Lincoln Square is being decorated for the Community Chest drive by the publicity committee under direction of Charles B. Bender and John D. Lippy, Jr.

Next Monday evening a program over WGET will feature facts about the various organizations supported by the Community Chest.

### Plan "Kick-off" Dinner

## BIRTHS, DEATHS SET NEW HIGH

The Gettysburg area experienced its greatest number of deaths in any one month this year during September, according to the monthly tentative report made by Registrar of Vital Statistics Ralph C. Geiselman.

The 28 deaths during the month, 21 in Gettysburg and seven in Cumberland township, exceeded by four the largest previous rate of death for one month, the 24 recorded in February.

With 75 births listed during the month, it was indicated that the year will probably set an all-time high for the number of births in Gettysburg and Cumberland, Straban, Freedom and Highland townships, the area for which Mr. Geiselman is registrar.

During the first nine months of this year 657 births were listed, compared to 607 for the comparable period last year. There have been 154 deaths so far this year, compared to 132 for the same period last year.

The number of births in September was two under the 77 recorded last September. During that month there were only nine deaths, 19 less than the number recorded last month. The births during September this year included 37 male and 37 female in Gettysburg and one female in Straban. Fifteen male and six female deaths occurred in Gettysburg and three male and four female in Cumberland township.

## Egyptians Riot In Downtown Cairo; Support British Ouster

Cairo, Egypt, Oct. 10 (P)—A wild crowd armed with stones and clubs surged through the downtown streets of Cairo today, attacking Western business houses in a frenzy of anti-foreign rioting.

The outbreak sprang from Prime Minister Mustapha El Nahas Pasha's denunciation of the Anglo-Egyptian treaty and his bid to chase all British troops off Egyptian soil.

The rest of the Arab world meanwhile joined Egypt in full support behind his plans to drive Britain out of its Suez Canal encampments and the Anglo-Egyptian Sudan.

A British and a French firm and the trucks of Coca-Cola and Pepsi-Cola distributors were first targets for attack by shouting mobs.

They also stoned and attempted to storm the big Imbabilia buildings in the heart of Cairo. The two buildings, constructed around an open court, house a number of American and British business offices.

## Mother Drops 4 Children To Safety; Dies

New York, Oct. 10 (P)—One by one, a Brooklyn mother dropped four of her children three stories into a blanket held by neighbors yesterday as fire destroyed their apartment building.

Then she collapsed and died in the flames before help could reach her.

Mrs. Irma Randall, 35-year-old Negro, shouted to passersby when she discovered the fire. Then she calmly tossed out the blanket, followed by the children, aged 18 months to eight years.

But the blanket was too flimsy for her to risk a jump, and the flames kept a neighbor from reaching her. Firemen arrived with a ladder too late.

Only one of her children was hurt.

Meanwhile, in two other fires in the nation, seven small children and a mother died yesterday.

## Tank-Led Yanks Smash Eight Miles Through Reds In Korea; Select Cease-Fire Talks Site

Munsan, Korea, Oct. 10 (P)—Liaison officers today picked a site near Panmunjom for resuming Korean truce talks.

The spot is six air miles south-east of Kaesong where cease-fire negotiations first began three months ago today. The talks were broken off by the Reds August 23.

Another meeting of Allied and Red liaison officers at Panmunjom was scheduled for 10 a.m. tomorrow (8 p.m. Wednesday, EST).

There was no immediate announcement of when the armistice delegations would re-open their talks—or even whether the time had been set.

### Prepare for Meeting

Preparations for a meeting of the full delegations were pressed rapidly. The United Nations truce team assembled in Korea. Allied service personnel went to Kaesong to move equipment left there to the new site.

Everything indicated the U.N. command expected an early resumption of full-scale efforts to end the shooting in Korea.

Wednesday's burst of activity started with Communist acceptance of Gen. Matthew B. Ridgway's proposal that liaison officers meet at Panmunjom to arrange for renewal of negotiations.

The Reds' note of acceptance was delivered at 8 a.m. at Panmunjom. Two hours later six liaison officers began their conference.

### Map Open Air Site

They met for two hours and 25 minutes. In that time they walked half a mile southeast to a bridge where they spent half an hour taking notes.

They mapped an open air site near the bridge. The choice of liaison officers is a recommendation which must be approved by higher echelons of both commands.

The spot is some eight miles by road southeast of Kaesong and 13 road miles northwest of Munsan, United Nations command advance headquarters.

## COLLEGE GRAD DIES TUESDAY IN HOLLYWOOD

Harvey Sheely Hoshour, 61, graduate of Gettysburg college, and prominent attorney and educator, died Tuesday in Hollywood, Calif. He had been ill for some time of complications which caused his death. He was a step-brother of Mrs. Howard S. Fox, South Stratton street, and a cousin of Judge W. C. Sheely.

Mr. Hoshour was born August 2, 1890 at Bellefonte, Pa., a son of the late Rev. Edward E. Hoshour and Mary Ella Sheely of Gettysburg. He graduated from Central high school, Philadelphia, and from Gettysburg college with the class of 1910. For a year following his graduation, he taught Greek and English at Gettysburg Academy, and then went to the University of Minnesota, where he received his LL.B. degree in 1914.

# SENATOR SAYS TAX PROBLEM "COMPLICATED"

The problem facing the state legislature in establishing new taxes is complicated by innumerable factors — including the fact that no one knows just how much the legislature will spend or how much the proposed taxes will bring into the coffers of the state, State Senator Donald P. McPherson noted in a talk Tuesday evening before the local branch of the American Association of University Women in the YWCA.

One of the largest sources of income to the state, the corporate net income tax, will bring into the treasury sums varying by \$40,000,000, according to various estimates. Attorney McPherson said: "Some concerns are engaged in war work and their corporate net income will be the highest in years, and thus they will be paying the largest taxes in years. Other industries are in the process of converting to defense work and their income will be low. Others are going to have about the same income as last year. As a result no one knows exactly how much the tax will bring in, or how much it should be increased."

## Much of Problem Inherited

To a large extent the same holds true of other taxes. McPherson pointed out. He added that at present the senate is using as a basis for its tax studies the figure \$138,000,000, which it estimates as the amount that will be needed to be raised by new taxes to make the income of the state balance the outgo.

The figure includes all expenditures at approximately the figure set by the various bills—but, he again noted, it is expected that many of the figures for expenditures will be changed before being signed by the governor.

Much of the problem of the present legislature has been inherited from previous legislatures which approved a number of expenditures without making any provisions to pay for them through new taxation.

## Budget Cutting Is Tough

Just where the budget can be cut is another problem. Senator McPherson added. More than 76 percent of the budget is for education and public health and welfare with approximately 43 percent going for public education and 33 percent for welfare.

The state definitely needs more tax income, McPherson noted, if it is to pay its share in keeping the public schools going. The present approximately \$370,000,000 outlay for schools will be up to possibly \$600,000,000 in 10 years, at the present rate of increase. The budget for the current biennium is approximately \$860,000,000.

McPherson outlined various tax measures proposed by the legislature. One "package bill" would raise the amount needed by increasing taxes on corporate net incomes, increased taxes on beer and liquor, cigarettes, and a number of other things, including resumption of the soft drinks tax, and taxes on previously untaxed tobacco products.

## Delay Is Costly

Others recommend a one-half of one percent tax on individual incomes. Because the state constitution prohibits any tax that does not fall equally on all there could be no exemptions in an income tax. Children earning a few dollars a week as newspaper carriers would have to file an income tax return just as would their fathers. Nor could there be any exemptions such as are allowed in the federal income tax. One suggestion of a way to get around the constitution would provide for a discount of \$5 for those who act their income tax return in person by the due date. This in effect would provide a \$100 exemption to a family if it is not known if a family is a family would be less.

## SENATOR SAYS TAX PROBLEM "COMPLICATED"

The problem facing the state legislature in establishing new taxes is complicated by innumerable factors — including the fact that no one knows just how much the legislature will spend or how much the proposed taxes will bring into the coffers of the state, State Senator Donald P. McPherson noted in a talk Tuesday evening before the local branch of the American Association of University Women in the YWCA.

One of the largest sources of income to the state, the corporate net income tax, will bring into the treasury sums varying by \$40,000,000, according to various estimates. Attorney McPherson said: "Some concerns are engaged in war work and their corporate net income will be the highest in years, and thus they will be paying the largest taxes in years. Other industries are in the process of converting to defense work and their income will be low. Others are going to have about the same income as last year. As a result no one knows exactly how much the tax will bring in, or how much it should be increased."

### Much of Problem Inherited

To a large extent the same holds true of other taxes, McPherson pointed out. He added that at present the senate is using as a basis for its tax studies the figure \$138,000,000, which it estimates as the amount that will be needed to be raised by new taxes to make the income of the state balance the outgo.

The figure includes all expenditures at approximately the figure set by the various bills—but, he again noted, it is expected that many of the figures for expenditures will be changed before being signed by the governor.

Much of the problem of the present legislature has been inherited from previous legislatures which approved a number of expenditures—without making any provisions to pay for them through new taxation.

### Budget Cutting Is Tough

Just where the budget can be cut is another problem, Senator McPherson added. More than 76 percent of the budget is for education and public health and welfare with approximately 43 percent going for public education and 33 percent for welfare.

The state definitely needs more tax income, McPherson noted, if it is to pay its share in keeping the public schools going. The present approximately \$70,000,000 outlay for schools will be up to possibly \$80,000,000 in 10 years, at the present rate of increase. The budget for the current biennium is approximately \$860,000,000.

McPherson outlined various tax measures proposed by the legislature. One "package bill" would raise the amount needed by increasing taxes on corporate net incomes, increased taxes on beer and liquor, cigarettes, and a number of other things, including resumption of the soft drinks tax, and taxes on previously untaxed tobacco products.

### Delay Is Costly

Others recommend a one-half of one percent tax on individual incomes. Because the state constitution prohibits any tax that does not fall equally on all there could be no exemptions in an income tax. Children earning a few dollars a week as newspaper carriers would have to file an income tax return just as would their fathers. Nor could there be any exemptions such as are allowed in the federal income tax. One suggestion of a way to get around the constitution would provide for a discount of \$5 for those who got their income tax return in prior to the due date. This in effect would provide a \$1,000 exemption to all—but it is not known if such a proceeding would be legal.

The tax problem is further aggravated by the long delay in setting up the tax plans—for each day the taxes are not in effect cuts down the estimated revenue that can be obtained from them during the biennium.

Mrs. R. S. Saby, who presided at the meeting, said on November 7 the AAUW will hold another public meeting with Attorney Eugene V. Bullett speaking on local taxation.

# AROUSSED YANKS LACE GIANTS; NEED ONE WIN

By JACK HAND

New York, Oct. 10 (AP) — Flexing their muscles after the 13-1 slaughter at the Polo Grounds, the aroused New York Yankees closed in for the kill today with Vic Raschi (21-10) primed to face Dave Koso (10-9) of the Giants in the sixth World Series game at Yankee Stadium.

Once more Leo Durocher's desperate Giants had their backs to the wall, a most familiar position. Trailing 3-2 in games, they couldn't afford to lose any more and the Yanks were 9 to 5 favorites to close it out in six.

Against Brooklyn in the playoff, the Giants bounced back in the dramatic finale. But they seem to have lost their bounce since Sunday's rainy interruption.

Names "Cool" Koso

Durocher chose Koso, a 31-year-old left-hander, for his do-or-die effort. He gambled and won with Dave against Allie Reynolds in the opening game at the stadium. Passing up Jim Hearn, the third game winner, he punned his hopes on cool Koso to keep them popping up in the spacious Yankee home park.

If Koso can do it again, the Giants will have a fighting chance for survival. If he fails they can pack up and go back home to dream of Bobby Thomson's payoff homer in the playoffs.

Much of the sheen of Thomson's famous homer was rubbed off yesterday in the Giants' final Polo Grounds appearance. Groogy and numbered after a 12-hit Yankee bombing that included a grand slam homer by rookie Gil McDougald and a "Chinese" homer by little Phil Rizzuto, they surrendered meekly.

Larry Jansen, twice a loser in the series, had shoddy backing. Still he hurt himself with four walks and that home run ball to McDougald, the 22-year-old kid from San Francisco.

Batting Tells Story

By the time the Yanks finished touching up Monty Kennedy, George Spencer and Al Corwin, Durocher had to call on a gem named Alex Konikowski, late of Ottawa, to finish. It didn't matter much then to the 47,530 fans, most of whom had departed long ago.

Why are the Yanks leading? It's as simple as the batting averages. Of 35 Giant hits, 20 are concentrated in Monte Irvin (.550) and Al Dark (.429). The others are sad news.

Bobby Brown (.357) is showing his usual October form. Rizzuto (.333) has the most hits of any Yankee, seven. Young McDougald (.316) is hitting in the clutches. And Joe DiMaggio (.238) is making a fine recovery from a 12 to 0 start.

The Yanks have scored 25 runs, the Giants 15. The Yanks have a 247 team average, the Giants 220. The Yanks have five home runs, the Giants two. Add two fine pitching jobs by lefty Ed Lopat and a fine comeback by Allie Reynolds and you have enough reasons.

Lopat was plenty cute yesterday, sprinkling five hits. Only one Giant reached second base against the chunky little fellow with the easy motion after the first inning. Irvin ran his hit total to 11, one short of the record, and was robbed of the 12th by Gene Woodling's fine running catch in the ninth. Dark's two hits boosted his total to nine. Wes Westrum's double was the only other hit.

All the Yanks celebrated except Lopat. DiMaggio had three hits, Rizzuto and Brown two each and all the others had one.

Now, with a third straight series victory within his grasp, Manager Casey Stengel decided to send Raschi after the big one. Vic, a husky right-hander, was knocked out in the fifth inning Saturday when Jim Hearn stopped the Yanks. With three days rest, he's anxious to get even with the Giants.

The Yanks, 13-4 in 17 previous series, haven't lost since the St. Louis Cards upset them in 1942. The Cards beat them in '26 and the Giants in '21 and '22. All the rest have meant Yankee victory dinners.

## Bullet Booters 2-1 Victors Over Lehigh

The Gettysburg college soccer team won its second decision in as many starts by defeating Lehigh here Tuesday afternoon, 2-1.

A brilliant side shot by George Haeoos in the last minute of play gave the Bullets the decision. Gettysburg's other tally came when the ball caromed off a Lehigh player to sail into the net.

On Friday Johns Hopkins will play here.

## Jr. Hi Gridders Play Here Tonight

This evening at 7:30 o'clock the Gettysburg Junior high school football team opens its season by meeting Boiling Springs on the local field.

Coaches Rogers Herr and John O'Brien have but three regulars from last season remaining. However, pre-season drills have indicated the Little Warriors may develop into a fairly strong outfit, many of the candidates showing very good form.

Gates will open tonight at 7 o'clock. Admission will be 40c for adults and 35c for students.

Those prices will also prevail for the GHS Jayvee-Hanover game Thursday at 3:30 p.m. with the gates opening at 3 o'clock.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Oct. 10 (AP) — A lot of folks have questioned the value of Happy Chandler's contributions to baseball, but apparently he taught the club owners one good lesson: That it's wise to ask the guys in Washington. . . . Baseball has been asking questions of the anti-trust experts about the radio-television situation. . . . And Monday the majors wiped out all league broadcasting restrictions with the tongue-in-cheek explanation that it would help the hard-pressed minor leagues by eliminating the office which set up chain broadcasts. . . . The next day the government filed a suit accusing the National Football league of anti-trust violations because it restricts television broadcasts and indicated that college football and other sports may be in line for similar suits. . . . We always figured the producers should have something to say about how their product is given away but . . .

When that story about Casey Stengel retiring spread around town the other day, one rebuttal was that Coach Frank Crosetti wasn't interested in Casey's job because of lucrative investments. . . . Seeing that, Frank told Stengel: "If I had all that dough, I wouldn't be out there taking those lousy signs from you."

And the Yanks' Bobby Brown, discussing Willie Mays' catch of his drive in Monday's game, growled: "It was the longest ball I ever hit in my life. The guy drops it and I'm out." . . . And a reporter, moaning about the crowd in the under-the-stands lunch room at the Polo Grounds, explained: "I walked around there with a plate of food in one hand and a glass of bourbon in the other looking for someplace to sit until I got tired and put down the food."

New York, Oct. 10 (AP)—Found at last—something Monte Irvin can't do: Slide. . . . Irvin, whose performance has been slightly on the sensational side all through the World Series, singled to drive in Al Dark in the first inning on Monday. . . . The Yanks called the turn on his attempt to steal, but Yogi Berra's heave to second was so high that Phil Rizzuto had to leap high in the air after it. . . . But Irvin missed the bag with his hook slide on the wrong side, grabbed with his hand, but before he could make it, Phil had landed in a heap and touched him with the ball. . . . That was the first sign that it wasn't the Giants' day.

Maybe there was a hint the night before. Sal Maglie appeared on a television show and was asked: "Would you like to see Joe D. hit a home run off you in the fifth inning tomorrow?" . . . Sal shook his head just as sadly then as he did when Joe really hit one in the fifth yesterday.

LEFT IS RIGHT  
Ted Marchibroda, who still is doing some fancy passing for St. Bonaventure U. even though his team isn't winning, began to get bored when Coach Joe Bach kept repeating one play over and over so that a slow-witted luneman would learn his assignment. . . . As the lads huddled again, Marchy remarked: "If Bach calls that play again, I'm going to throw left handed." . . . Joe did and Ted, keeping his word, completed a perfect stoppage heave. . . . There wasn't another word, but that play wasn't seen again during the session.

SHORT AND SHELLS  
The decision of the major leagues to withdraw from the business of arranging broadcasts apparently was dictated from Washington. . . . Now the question is whether radio and TV stations can "pressure" the big league clubs into sending their games where they may hurt the minors. . . . There's a good side to TV, though, ask Syracuse: The Orange footballers were able to scout Saturday's opponent, Illinois, from a classroom in the university radio-TV center last week. . . . When the Norfolk (Piedmont league) club won the pennant and playoffs, each player's cut was about \$136. . . . Capt. Walter Charlesworth claims that the plan of "rotating" college football coaches had a good tryout at Chautauque air force base this summer. . . . The baseball team had eight different managers and 176 different players during the summer and finished with a 24-29 won-lost record. . . . Maybe that explains why Chautauque has discontinued all base athletic competition.

# CHARLES, LAYNE CLASH TONIGHT IN 12-ROUNDER

By JOE BEADIS

Pittsburgh, Oct. 10 (AP)—Ezzard Charles, confident he'll be the first fighter ever to regain the heavyweight boxing title, meets his first big test in stocky Rex Layne tonight in a 12-round bout at Forbes Field.

Both were knocked out in their last fights. Charles lost his heavy-weight crown to aging Jersey Joe Walcott via a seven-round knockout. Layne was flattened by Rock Marciano in six rounds.

Charles predicts he'll win. So does Layne. But neither will commit themselves how they intend doing it. Both blame overwork for their poor showings in July.

"He's a good slugger but I think I can keep away from him to win," says the 30-year-old Charles who defended his title eight times in two years before he ran into Walcott's left hook.

"My punches are sharp," adds Charles, "and I intend to win."

Important For Both

Oddly enough, Layne holds a decision over Jersey Joe and wants to add Charles to his list. This would boost his title hopes considerably. A defeat for Charles would all but eliminate him from his scheduled return bout with Jersey Joe.

"I knew what I wanted to do in the Marciano fight but just couldn't do it," comments Layne. "But I feel different about this one. The climatic conditions in Pittsburgh had me down at first but after 13 days of hard training I feel great."

Charles three pounds heavier, appears to have gained a new fighting edge after a three-month layoff. He expects to weigh-in at 185 pounds. Barring unfavorable weather, the International Boxing club and the Dooney-McGinley Boxing club, co-promoters of the bout, expect 15,000 persons to ring \$75,000 into the till.

The 10 p.m. (EST) bout also will bring \$25,000 for telecast rights. It will be piped by CBS on television and radio except in the Pittsburgh and Johnstown (Pa.) areas.

Charles will get 35 per cent of the net gate, Layne 25 per cent.

## Strong Performers On GHS Line

STANLEY ALTLAND

Two of the bellwicks of the strong Gettysburg high school line are Stanley Altland (left), center, and Richie Carter, tackle. Altland has been improving fast in recent games while Carter uses his 195 pounds to great advantage in smashing through the opposition. Both will man their old posts against Waynesboro Friday night when the Warriors go after their fifth straight victory.

## THREE BULLETS TO MISS GAME

Gettysburg college's chance for its first victory over Lehigh university's grid forces since 1946 received a rude jolt today when Head Coach Henry A. Bream announced that defensive tackle Bob Dellabough, fullback John Cagiano and guard Bill Ewing would be sidelined for Saturday's battle.

Leg injuries to both Dellabough, who has been playing the finest ball of his career, and Cagiano, hard-running fullback from Netcong, N. J., could bench them for the remainder of the season. Ewing will probably be ready to start against Muhlenberg the following Saturday.

Despite losses to Delaware and Bucknell, Lehigh will rule a favorite due to a host of returning veterans. Saturday's game here will be the "rubber" game in the series between the school, each team having won eight while three ties were played.

**Bigler Junior Hi  
Cancels 3 Games**  
Cancellation of three games on the Biglerville junior high football schedule was announced today by Arthur Gordon, athletic director.

Games with Delone, Shippensburg and Gettysburg have been dropped from the schedule. Mr. Gordon said the cancellations were decided upon due to the squad having to rely greatly on small seventh graders. Games with smaller schools — Boiling Springs and Littlestown — will be played as scheduled.

More than a quarter-million men and women members of the Veterans of Foreign Wars and its Ladies Auxiliary in Pennsylvania have started a state-wide campaign to assure enactment of the Pechan Loyalty Oath Bill, when the Legislature reconvenes December 10. The two-month campaign will climax with a "Loyalty Oath Week" and community "Loyalty to American Rallyes."

James J. Davis, Philadelphia attorney and state commander of the VFW, in announcing the program said:

"Those forces opposed to the Loyalty Oath bill are powerful, persistent and determined it shall not pass. We intend to demonstrate that we are more powerful, persistent and determined that it shall pass! Citizens want this law."

"The issue of 'babying' Communists, fellow-travelers and subversives versus American Patriotism is joined more fiercely than ever."

"Members of our organization will canvas their senatorial and legislative districts to urge their members of the General Assembly to vote for the Loyalty Oath and insure that it passes by an overwhelming majority."

"The week of December 3-8 has been designated 'Loyalty Oath Week.' Special meetings will be held that week in each of our nearly 800 posts and more than 600 units of our fighting Ladies Auxiliary to reaffirm by petition of our combined membership that we want the Loyalty Oath bill passed."

"Loyalty Oath Week" will climax with an impressive public "Loyalty to American Rally" in communities throughout the state under local sponsorship of the Veterans of Foreign Wars and our Ladies' Auxiliary.

"Local posts of the VFW will invite outstanding Americans to address their 'Loyalty to American Rally' to point up the necessity for a reawakening of American patriotism and loyalty to American ideals and traditions."

# WARNING GIVEN GHS GRIDDERS BY WAYNESBORO

Attention all Gettysburg high school football players.

The following paragraphs are from an article appearing Monday in the Waynesboro Record Herald newspaper.

"Waynesboro might be just the team to upset Shoemaker-Sachs and Company's feather trimmed little apple cart. The green Tornado received its baptism of fire at the hands of Martinsburg and went down to a 25-0 defeat. At the outset of the conference schedule the untired charges of Steve Suhey ran headon into a rebounding Thundering Herd at Carlisle and absorbed a 49-12 pasting."

"But all that has not been for naught. The Tornado is improving week after week. Suhey has quietly observed his possibilities and just as quietly is beginning to develop them. Just when the Tornado will burst force in its full fury is anybody's guess but the time is coming."

"Who knows, maybe Friday night's the night."

Coach Shoemaker and Sachs are hopeful their charges will take the above comments to heart. One of their toughest jobs this week will be to make their squad realize that games are won on the field and not through past performances. The Warriors have a golden opportunity of turning in one of the best records in history and cannot afford to take any game lightly, despite pre-game "ratings."

## OFFICER STOPS DEATH JUMP

New York, Oct. 10 (AP) — "You might fall if you stand on that ledge," Patrolman Theodore Marchlewski warned.

"I know," the youth replied "I'm going to jump."

"All I want is your name and the address of your family, so we'll know where to send the body," said the officer as he moved out on a Manhattan hotel roof ledge with the youth.

The gloomy lad said he was Robert Fellhauer, 19, of St. Louis. He added:

"I used to be a boxer. I should be the world champion welterweight now. I can fight good. Come near me and you'll find out."

"Okay," said Marchlewski. "I won't. Now tell me why you're going to jump."

Fellhauer explained that he had lost his job.

"Heck, I can straighten that out for you," said the policeman as he pulled out a pack of cigarettes. "Give me a light and I'll tell you what I can do."

The youth let the policeman come closer for the light. Suddenly Marchlewski grabbed him.

## AROUSED YANKS LACE GIANTS; NEED ONE WIN

By JACK HAND

New York, Oct. 10 (AP) — Flexing their muscles after the 13-1 slaughter at the Polo Grounds, the aroused New York Yankees closed in for the kill today with Vic Raschi (21-10) primed to face Dave Koslo (10-9) of the Giants in the sixth World Series game at Yankee Stadium.

Once more Leo Durocher's desperate Giants had their backs to the wall, a most familiar position. Trailing 3-2 in games, they couldn't afford to lose any more and the Yankees were 9 to 5 favorites to close it out in six.

Against Brooklyn in the playoff, the Giants bounced back in the dramatic finale. But they seem to have lost their bounce since Sunday's rainy interruption.

**Names "Cool" Koslo**  
Durocher chose Koslo, a 31-year-old lefthander, for his do-or-die effort. He gambled and won with Dave against Allie Reynolds in the opening game at the stadium. Passing up Jim Hearn, the third game winner, he pinned his hopes on cool Koslo to keep them popping up in the spacious Yankee home park.

If Koslo can do it again, the Giants will have a fighting chance for survival. If he fails they can pack up and go back home to dream of Bobby Thomson's payoff homer in the playoffs.

Much of the sheen of Thomson's famous homer was rubbed off yesterday in the Giants' final Polo Grounds appearance. Groggy and numbed after a 12-hit Yankee bombing that included a grand slam homer by rookie Gil McDougald and a "Chinese" homer by little Phil Rizzuto, they surrendered meekly.

Larry Jansen, twice a loser in the series, had shoddy backing. Still he hurt himself with four walks and that home run ball to McDougald, the 22-year-old kid from San Francisco.

**Batting Tells Story**  
By the time the Yankees finished touching up Monty Kennedy, George Spencer and Al Corwin, Durocher had to call on a gent named Alex Konikowski, late of Ottawa, to finish. It didn't matter much then to the 47,530 fans, most of whom had departed long ago.

Why are the Yankees leading? It's as simple as the batting averages. Of 35 Giant hits, 20 are concentrated in Monte Irvin (.550) and Al Dark (.429). The others are sad news.

Bobby Brown (.357) is showing his usual October form. Rizzuto (.333) has the most hits of any Yankee, seven. Young McDougald (.316) is hitting in the clutches. And Joe DiMaggio (.238) is making a fine recovery from a 12 to 0 start.

The Yanks have scored 25 runs, the Giants 15. The Yanks have a 247 team average, the Giants .220. The Yanks have five home runs, the Giants two. Add two fine pitching jobs by lefty Ed Lopat and a fine comeback by Allie Reynolds and you have enough reasons.

Lopat was plenty cute yesterday, sprinkling five hits. Only one Giant reached second base against the chunky little fellow with the easy motion after the first inning. Irvin ran his hit total to 11, one short of the record, and was robbed of the 12th by Gene Woodling's fine running catch in the ninth. Dark's two hits boosted his total to nine. Wes Westrum's double was the only other hit.

All the Yanks celebrated except Lopat. DiMaggio had three hits, Rizzuto and Brown two each and all the others had one.

Now, with a third straight series victory within his grasp, Manager Casey Stengel decided to send Raschi after the big one. Vic, a husky righthander, was knocked out in the fifth inning Saturday when Jim Hearn stopped the Yanks. With three days rest, he's anxious to get even with the Giants.

The Yanks, 13-4 in 17 previous series, haven't lost since the St. Louis Cards upset them in 1942. The Cards beat them in '26 and the Giants in '21 and '22. All the rest have meant Yankee victory dinners.

## Bullet Booters 2-1 Victors Over Lehigh

The Gettysburg college soccer team won its second decision in as many starts by defeating Lehigh here Tuesday afternoon, 2-1.

A brilliant side shot by George Haecox in the last minute of play gave the Bullets the decision. Gettysburg's other tally came when the ball caromed off a Lehigh player to sail into the net.

On Friday Johns Hopkins will play here.

## Jr. Hi Gridders Play Here Tonight

This evening at 7:30 o'clock the Gettysburg Junior high school football team opens its season by meeting Boiling Springs on the local field.

Coaches Rogers Herr and John O'Brien have but three regulars from last season remaining. However, pre-season drills have indicated the Little Warriors may develop into a fairly strong outfit, many of the candidates showing very good form.

Gates will open tonight at 7 o'clock. Admission will be 40c for adults and 35c for students.

Those prices will also prevail for the GHS Jayvee-Hanover game Thursday at 3:30 p.m. with the gates opening at 3 o'clock.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Oct. 10 (AP) — A lot of folks have questioned the value of Happy Chandler's contributions to baseball, but apparently he taught the club owners one good lesson: That it's wise to ask the guys in Washington. . . . Baseball has been asking questions of the anti-trust experts about the radio-television situation. . . . And Monday the majors wiped out all league broadcasting restrictions with the tongue-in-cheek explanation that it would help the hard-pressed minor leagues by eliminating the office which set up chain broadcasts. . . . The next day the government filed a suit accusing the National Football league of anti-trust violations because it restricts television broadcasts and indicated that college football and other sports may be in line for similar suits. . . . We always figured the producers should have something to say about how their product is given away but — — —

**LAST WORDS**  
When that story about Casey Stengel retiring spread around town the other day, one rebuttal was that Coach Frank Crosetti wasn't interested in Casey's job because of lucrative investments. . . . Seeing that, Frank told Stengel: "If I had all that dough, I wouldn't be out there taking those lousy signs from you."

. . . And the Yanks' Bobby Brown, discussing Willie Mays' catch of his drive in Monday's game, growled: "It was the longest ball I ever hit in my life. The guy drops it and I'm out." . . . And a reporter, moaning about the crowd in the under-the-stands lunch room at the Polo Grounds, explained: "I walked around there with a plate of food in one hand and a glass of bourbon in the other looking for someplace to sit until I got tired and put down the food."

**New York, Oct. 10 (AP)** — Found at last—something Monte Irvin can't do: Slide. . . . Irvin, whose performance has been slightly on the sensational side all through the World Series, singled to drive in Al Dark in the first inning on Monday. . . . The Yanks called the turn on his attempt to steal, but Yogi Berra's heave to second was so high that the Phil Rizzuto had to leap high in the air after it. . . . But Irvin missed the bag with his hook slide on the wrong side, grabbed with his hand, but before he could make it, Phil had landed in a heap and touched him with the ball. . . . That was the first sign that it wasn't the Giants' day. . . . Maybe there was a hint the night before. Sal Maglie appeared on a television show and was asked: "Would you like to see Joe D. hit a home run off you in the fifth inning tomorrow?" . . . Sal shook his head just as sadly then as he did when Joe really hit one in the fifth yesterday.

**LEFT IS RIGHT**  
Ted Marchibroda, who still is doing some fancy passing for St. Bonaventure U. even though his team isn't winning, began to get bored when Coach Joe Bach kept repeating one play over and over so that a slow-witted lineman would learn his assignment. . . . As the lads huddled again, Marchy remarked: "If Bach calls that play again, I'm going to throw left handed." . . . Joe did and Ted, keeping his word, completed a perfect stopwatch heave. . . . There wasn't another word, but that play wasn't seen again during the session.

**SHORT AND SHELLS**  
The decision of the major leagues to withdraw from the business of arranging broadcasts apparently was dictated from Washington. . . . Now the question is whether radio and TV stations can "pressure" the big league clubs into sending their games where they may hurt the minors. . . . There's a good side to TV, though, ask Syracuse? The Orange footballers were able to scout Saturday's opponent, Illinois, from a classroom in the university radio-TV center last week. . . . When the Norfolk (Piedmont league) club won the pennant and playoffs, each player's cut was about \$136. . . . Capt. Walter Charlesworth claims that the plan of "rotating" college football coaches had a good tryout at Chanute air force base this summer. . . . The baseball team had eight different managers and 176 different players during the summer and finished with a 24-29 won-lost record. . . . Maybe that explains why Chanute has discontinued all base athletic competition.

Philadelphia—Federal government brought suit against National Football league, charging violation anti-trust laws in television and radio broadcasts.

Kansas City, Oct. 10 (AP)—Cary Middlecoff nabbed the Kansas City Open title to wind up the PGA's summer golf tournament tour as the nation's No. 2 money winner.

The tall Tennessee dentist was four strokes under par in beating Dave Douglas, of Newark, Del., and Doug Ford, Harrison, N. Y., by four strokes in an 18-hole playoff in the \$15,000 Kansas City Open yesterday.

Middlecoff shot a 68. Douglas and Ford each had 72s over the 6,500-yard Lehigh Valley country club course. The victory, Middlecoff's sixth major success of the year, was good for \$2,400 and boosted his year's earnings to \$24,075.91, second only to Lloyd Mangrum who has made \$26,088.83.

## CHARLES, LAYNE CLASH TONIGHT IN 12-ROUNDER

By JOE BRADIS

Pittsburgh, Oct. 10 (AP)—Ezzard Charles, confident he'll be the first fighter ever to regain the heavyweight boxing title, meets his first big test in stocky Rex Layne tonight in a 12-round bout at Forbes Field.

Both were knocked out in their last fights. Charles lost his heavy-weight crown to aging Jersey Joe Walcott via a seven-round knockout. Layne was flattened by Rock Marciano in six rounds.

Charles predicts he'll win. So does Layne. But neither will commit themselves how they intend doing it. Both blame overwork for their poor showings in July.

"He's a good slugger but I think I can keep away from him to win," says the 30-year-old Charles who defended his title eight times in two years before he ran into Walcott's left hook.

"My punches are sharp," adds Charles, "and I intend to win."

**Important For Both**  
Oddly enough, Layne holds a decision over Jersey Joe and wants to add Charles to his list. This would boost his title hopes considerably. A defeat for Charles would all but eliminate him from his scheduled return bout with Jersey Joe.

"I knew what I wanted to do in the Marciano fight but just couldn't do it," comments Layne. "But I feel different about this one. The climatic conditions in Pittsburgh had me down at first but after 13 days of hard training I feel great."

Charles three pounds heavier, appears to have gained a new fighting edge after a three-month layoff. He expects to weigh-in at 185 pounds.

Barring unfavorable weather, the International Boxing club and the Rooney-McGinley Boxing club, co-promoters of the bout, expect 15,000 persons to ring \$75,000 into the till.

The 10 p.m. (EST) bout also will bring \$25,000 for telecast rights. It will be piped by CBS on television and radio except in the Pittsburgh and Johnstown (Pa.) areas.

Charles will get 35 per cent of the net gate, Layne 25 per cent.

STANLEY ALTLAND

RICHARD CARTER

Two of the bulwarks of the strong Gettysburg high school line are Stanley Altland (left), center, and Richie Carter, tackle. Altland has been improving fast in recent games while Carter uses his 195 pounds to great advantage in smashing through the opposition. Both will man their old posts against Waynesboro Friday night when the Warriors go after their fifth straight victory.

## THREE BULLETS TO MISS GAME

Gettysburg college's chance for its first victory over Lehigh university's grid forces since 1946 received a rude jolt today when Head Coach Henry A. Bream announced that defensive tackle Bob Dellabough, fullback John Cagiano and guard Bill Ewing would be sidelined for Saturday's battle.

Leg injuries to both Dellabough, who has been playing the finest ball of his career, and Cagiano, hard-running fullback from Netcong, N. J., could bench them for the remainder of the season. Ewing will probably be ready to start against Muhlenberg the following Saturday.

Despite losses to Delaware and Bucknell, Lehigh will rule a favorite due to a host of returning veterans.

Saturday's game here will be the "rubber" game in the series between the school, each team having won eight while three ties were played.

**Bigler Junior Hi Cancels 3 Games**

Cancellation of three games on the Biglerville junior high football schedule was announced today by Arthur Gordon, athletic director.

Games with Delone, Shippensburg and Gettysburg have been dropped from the schedule. Mr. Gordon said the cancellations were decided upon due to the squad having to rely greatly on small seventh graders.

Games with smaller schools — Boiling Springs and Littlestown — will be played as scheduled.

## HIGHFIELD HOME RAZED BY FIRE

Fire, believed caused by an oil stove explosion, badly damaged the interior of the bungalow home of Lester Martin, in Highfield, Md., Tuesday night.

Fire Chief Harry McClain of the Blue Ridge Mountain Fire company, estimated the damage at "at least \$2,500."

Martin, his wife and their small son were visiting in the home of Martin's father, Charlie Martin, at Fountaineau, at the time.

The Martins had moved into the four-room bungalow owned by Mrs. Laura Higgins, last spring, after the government had seized their new home at Fountaineau. Martin had just completed a brick bungalow along Sunshine Trail when the government began the "second pentagon" but never was allowed to move in. The government seized the property and is utilizing it for an office.

The fire was discovered about 7:20 p.m. by Roy Fitz, Highfield, who was driving by. He was attracted by the brilliant flickering light shining from the windows. He ran to a nearby house to summon firemen.

When firemen arrived on the scene the interior of the house was in flames.

McClain said in his opinion a small kerosene fueled stove exploded. A large hole was burned in the floor at the spot where the stove was sitting. McClain said he believed the explosion sprayed kerosene over the furniture and on the walls.

The living room was gutted. The fire spread to the other three rooms causing some damage.

Fulton hotel was ended.

Police then took Fellhauer to a hospital for a psychiatric examination, and Marchlewski went home to celebrate his 14th wedding anniversary with his wife, Gladys.

**Alexander Wins Series Pennant.**  
New York, Oct. 11.—The gaunt  
weather-beaten figure of Grover  
Cleveland Alexander came back in  
all his ancient pitching mastery yester-  
day to check the Yankees for the  
third time and clinch the first world  
series baseball championship that  
St. Louis has known in forty years.  
The Cardinals won by a 3-2 score.  
The bases were full, two were out  
and only one Yankee run was needed  
to tie the game in the seventh in-  
ning when Alexander came to the  
rescue of the tottering Cardinal  
right-hander, Jesse Haines. It was  
a situation calculated to test the stout-  
est heart: with \$50,000 and a world's  
championship hanging in the bal-  
ance, but Alexander was equal to it.  
The verdict goes down in the  
books in Haines' name but glory be-  
longs to Alexander, the 39-year-old  
warrior, who was sold "down the  
river" a short time ago as a Chicago  
Cub discard.

**Legion Descends On Philadelphia:**  
Philadelphia, Oct. 9.—The vanguard  
of the horde of American legions  
who will stage their national  
convention here next week trickled  
into the city yesterday and their  
ranks were materially welled.  
Among the distinguished men who  
will speak are Vice President Daves  
General Pershing, Admiral Cootz  
Ambassador Herrick, Senator Reed,  
Governor Pinchot and Major Gen-  
eral Lejeune.  
Many of the generals who served  
in France are expected to be present  
for reunions of their divisions.

**"Man The Army" Pershing Urges.**  
Philadelphia, Oct. 9.—Mar. the army  
descended General Pershing in a  
speech here Friday night at a ban-  
quet of the Military Order of the  
World War.  
He warned of future wars and  
said further reductions in the army  
percentage would impair the safety  
of the nation.

The world is now free from  
fearful and cruel wars, he said.  
And the situation demands the  
maintenance of a strong, well-  
trained military force.

**Today's Talk**

By GEORGE MATTHEW ADAMS

**MODERN MIRACLES**

Recently there was completed an  
1,840-mile pipe line that carries  
natural gas into New York city at  
the rate of 250,000,000 cubic feet a  
day and I read that 22,000,000 "un-  
seen hands" had achieved this re-  
sult. The reference was to the policy-  
holders in eighteen great insurance  
companies who made it possible for  
these companies to pay nearly \$200,-  
000,000 worth of bonds that paid the  
bill.

This great pipe line runs through  
twelve states from the fields in  
Texas and Louisiana to the Hudson  
River terminal in New York. How  
little do we think of what is going  
on all around us that is for the  
good of all that little item I noted  
one day, recently, was hidden away  
all by itself in an article about other  
matters.

Nature is forever performing  
miracles to which we pay little heed  
—the miracle of the seasons, for ex-  
ample, and the miracle of seeds to  
their full fruition, or the miracle of  
the snowflake. But man has taken  
a cue from nature and has created  
things like the telephone, the radio  
and TV, the mammoth printing  
presses, that give to us each day  
our news from all over the world,  
and the telescope and microscope  
that enable us to see what our naked  
eyes cannot.

What will be the revelation or  
discovery tomorrow? In nature there  
is knowledge that we now know  
nothing about. Today I watched  
from my library window some thirty  
robins eagerly listening, and then  
grubbing into the lawn for small  
worms that have been killing the  
grass in big spots. How did these  
birds know where they were? Do  
robins have a superior sense of smell  
or of hearing? They get what they  
are after, at any rate.

Scientists and researchers are for-  
ever delving into the mysteries of  
disease, and little by little are mas-  
tering many a problem. Some day  
they will master cancer as they have  
pneumonia and other diseases. I am  
still amazed, and filled with wonder,  
at voices over the telephone, the  
radio, and TV—perhaps most of all  
over the reproduction of scenes and  
happenings over TV. Man himself is  
a miracle.

Tomorrow Mr. Adams will talk on  
the subject "Distances."

**THE FOUR-CENT STAMP**  
Time was the letters that we  
penned  
Went country wide for three.  
But soon, for every note we send  
The cost will four cents be.

Those pretty postal cards,  
whereon  
Are landscapes fair to view,  
We send today to friends for  
one.  
Will shortly cost us two.

But should as Uncle Samuel  
wills,  
The four cent stamps cost  
five.  
One thing is sure, the monthly  
bills  
On time will still arrive.

**JUNKETS MAY  
INCLUDE WOMEN**

Washington, Oct. 10 (AP)—Chalk  
up another victory for women.  
When the men-folks in Congress  
go junketing off happily to remote  
ports hereafter, it's more than likely  
that at least one lady legislator will  
be going along.

The men may not like this. Some  
doubt it very much, in fact. But  
a fast team play by Rep. Hoffman  
(R-Mich.) and Congresswoman  
Katharine St. George (R-N.Y.)  
has put them squarely on the spot.  
Either they'll have to take the  
ladies on their occasional inspection  
trips to London, Paris and elsewhere  
or a cloud of suspicion raised by  
Hoffman and Mrs. St. George will  
follow them every inch of the way.  
Until now these junkets, which  
will resume when Congress adjourns  
in a few weeks have been pretty  
much a male affair. And then up  
rose Michigan's gray-haired Hoff-  
man to suggest a reason for this  
apparent sex discrimination.

Members," he said, "have been  
doing something that the women do  
not want the women to learn about."  
Delightfully Mrs. St. George se-  
conded the aspersions. "I understand,"  
she told the House, "that some of  
these women are very hard-working  
women. They are inclined to keep  
other members of the committee to  
the groundstone. I can see for that  
reason they are not desired on these  
trips. They may spoil some of the  
more pleasurable moments, some of  
the recreation."

**DON COSSACKS  
AT EMMITSBURG  
ON OCTOBER 16**

The General Platoff Don Cossack  
chorus and dancers will present a  
concert of liturgical music, folk mel-  
odies and regimental Cossack songs  
on October 16 at 7:30 p.m. in De Paul  
auditorium, Saint Joseph college. The  
presentation of the Don Cossack  
chorus will be the second in a series  
of programs sponsored jointly by  
Saint Joseph and Mount Saint  
Mary's colleges.

The Don Cossack chorus, conduct-  
ed by Nicholas Kosturkoff, has pre-  
sented choral selections in all parts  
of the United States. They appeared  
in Gettysburg a few years ago.

During World War II this group  
received high praise from military  
officials for its cooperation in pre-  
sented numerous concerts at camps  
both here and overseas. Treasury of-  
ficials added their commendations  
for the many benefit concerts given  
to boost the sale of war bonds.

**Chorus Founded In 1927**  
In 1918 the Cossacks set up the  
Republic of the Don. Their spirit of  
independence made them one of the  
original leaders in the fight against  
the then little heeded threat of Com-  
munism. After battles in which many  
of them were killed, the Cossacks  
were driven from their homeland  
preferring to live in exile rather than  
under a tyranny which disregarded  
religion.

Nicholas Kosturkoff gathered to-  
gether the members of the Don Cos-  
sack chorus. In 1927 they presented  
their first concert in the cathedral  
in Prague, Czechoslovakia. After that  
the chorus traveled on five contin-  
ents.

The program to be presented on  
October 16 will consist of three parts.  
The first part is composed of re-  
ligious music; part two will feature  
folk songs and part three will include  
other folk melodies and a special ar-  
rangement of "Sound-Off," the U. S.  
Army song by W. Lee Duckworth.  
The program will conclude with Ko-at-chak,  
the Dance of the Don Cossacks.

ambassador to India yesterday. The  
nomination was confirmed by the  
Senate in a 43 to 33 roll call vote.  
James Duff, Pennsylvania's other  
Republican senator, was not listed  
in the balloting.

**Pa. School Directors  
Will Elect Today**

Harrisburg, Oct. 10 (AP)—Election of  
officers is the big item on the agenda  
today as the Pennsylvania State  
School Directors association closed a  
two-day convention here.

Also scheduled for today are talks  
by Dr. John H. Furbay, explorer and  
lecturer, on "Education For One  
World," and by Dr. Leo Travis, Mc-  
Keesport school district secretary, on  
"Creating a Seeing Environment."

Some 2,500 school directors and  
school board secretaries were told by  
Gov. Theodore R. McKeldin, of  
Maryland, last night that govern-  
ment income has increased along  
with rising government costs.

"Your job as directors is to weigh  
the needs of your school district  
against what the people can con-  
veniently afford to pay," McKeldin  
said. The Maryland governor said  
that although government is paying  
more for labor, services and con-  
struction it is receiving more in in-  
come taxes, sales taxes and real  
estate taxes.

**Escaped Red  
Captured By  
Mexican Cops**

Laredo, Tex., Oct. 10 (AP)—Gus  
Hall, one of four top U. S. Com-  
munist bail jumpers, was turned  
over to the FBI in the darkness at  
3 a.m. today on the international  
bridge that connects the United  
States and Mexico.

A Laredo newsman, Tom Green  
of the Laredo Times, said he  
watched five men in an old model  
four-door Plymouth sedan with  
Mexican license plates drive across  
the bridge here. He said one of the  
men appeared to be Hall and the  
rest appeared to be Mexican of-  
ficers.

In Washington FBI Chief J. Edgar  
Hoover announced that Hall  
had been arrested.

**To Be Jailed**  
FBI agents in Laredo and local  
police refused to comment on the  
arrest or on Hoover's announcement.  
Hoover said that Hall, national sec-  
retary of the Communist party  
would be sent to jail at once but  
didn't say where.

Hall was one of four top U. S.  
Communists who jumped bail after  
conviction of conspiring to teach  
and advocate the violent overthrow  
of the government.

Hall and ten other top Communist  
party leaders in the United States  
were given prison sentences after  
their conviction of violating the  
Smith act, which makes it a federal  
crime to teach or advocate the  
overthrow of the government by  
force or violence.

**Lose \$50,000 Bail**  
The three other fugitives and Hall  
were out on \$50,000 bail. The bail  
was posted by the Civil Rights Con-  
gress which lost its \$50,000 on the  
deal.

Since then, a New York federal  
judge has banned the CRC's bail  
fund from acting as bondsman in  
any case in a New York federal  
district court.

There was immediate speculation  
last July that the four American  
Communists might skip the country.  
All had been to Russia at one time.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times  
TWENTY-FIVE YEARS AGO

**Alexander Wins Series Pennant;**  
New York, Oct. 11.—The gaunt weather-beaten figure of Grover Cleveland Alexander came back in all its ancient pitching mastery yesterday to check the Yankees for the third time and clinch the first world series baseball championship that St. Louis has known in forty years. The Cardinals won by a 3-2 score.

The bases were full, two were out and only one Yankee run was needed to tie the game in the seventh inning when Alexander came to the rescue of the tottering Cardinal righthander, Jesse Haines. It was a situation calculated to test the stoutest heart, with \$50,000 and a world's championship hanging in the balance, but Alexander was equal to it. The verdict goes down on the books in Haines' name but glory belongs to Alexander, the 39-year-old warrior, who was sold "down the river" a short time ago as a Chicago Cub discard.

**Pastor Marries Couple:** The Rev. Earl J. Bowman, pastor of St. James Lutheran church performed the wedding ceremony Saturday evening at 8 o'clock, of Miss Kathryn E. Weaver and Harry R. Moser, both of Gettysburg. Miss Weaver is the daughter of Ernest Weaver, York street, and Mr. Moser is a son of Mr. and Mrs. Edward Moser, North Washington street.

**Legion Descends On Philadelphia:** Philadelphia, Oct. 9.—The vanguard of the horde of American legionnaires who will stage their national convention here next week trickled into the city yesterday and their ranks were materially swelled. Among the distinguished men who will speak are Vice President Dawes, General Pershing, Admiral Cootz, Ambassador Herrick, Senator Reed, Governor Pinchot and Major General Lejeune.

Many of the generals who served in France are expected to be present for reunions of their divisions.

**"Man The Army" Pershing Urges;** Philadelphia, Oct. 9.—Man the army, demanded General Pershing in a speech here Friday night at a banquet of the Military Order of the World War.

He warned of future wars and said further reductions in the army personnel would impair the safety of the country.

"The world is not yet free from jealousy and covetousness," he said. "And the situation demands the maintenance of a highly developed nucleus for national defense."

**Elect Pastor At Littlestown:** The Rev. H. H. Hartman, pastor of a Reformed mission church in Philadelphia, was elected as pastor of Christ Reformed church, near Littlestown, at a congregational meeting Sunday.

**Couple Married At Littlestown:** A wedding was solemnized at the home of Mr. and Mrs. Raymond Kump, near Littlestown, Monday evening at 7:30 o'clock, when the daughter, Miss Lela B. Kump, became the bride of Paul E. Aumen, son of Mr. and Mrs. Charles E. Aumen, Pennville. The ceremony was performed by the Rev. D. S. Kammerer and was witnessed by the immediate families.

**Christ Lutheran To Build Chapel:** At the annual congregational meeting of Christ Lutheran church held Wednesday evening, it was decided to build a Sunday School chapel and purchase a new organ for the church. The carrying out of these projects was entrusted to the church council.

The following persons were elected members of the council: Elders, Dorsey Dougherty, H. B. Bender and G. W. Chritzman; deacons, A. B. Plank, Raymond Shank and J. I. Burgeon.

**Ostrom Elected By Motor Club:** Selection of John W. Ostrom as secretary of the Gettysburg Motor club and announcement that the membership had been increased to 300 were highlights of an adjourned session of the board of directors at the Hotel Gettysburg Thursday evening. Mr. Ostrom will be in direct

## Today's Talk

By GEORGE MATTHEW ADAMS

### MODERN MIRACLES

Recently there was completed an 1,840-mile pipe line that carries natural gas into New York city at the rate of 250,000,000 cubic feet a day, and I read that 22,000,000 "unseen hands" had achieved this result. The reference was to the policyholders in eighteen great insurance companies who made it possible for these companies to buy nearly \$200,000,000 worth of bonds that paid the bill!

This great pipe line runs through twelve states, from the fields in Texas and Louisiana to the Hudson River terminal in New York. How little do we think of what is going on all around us that is for the good of all. That little item I noted one day, recently, was hidden away all by itself in an article about other matters.

Nature is forever performing miracles to which we pay little heed—the miracle of the seasons, for example, and the miracle of seeds to their full fruition, or the miracle of the snowflake. But man has taken a cue from nature and has created things like the telephone, the radio and TV, the mammoth printing presses, that give to us each day our news from all over the world, and the telescope and microscope that enable us to see what our naked eyes cannot.

What will be the revelation or discovery tomorrow? In nature there is knowledge that we now know nothing about. Today I watched from my library window some thirty robins eagerly listening, and then grubbing into the lawn for small worms that have been killing the grass in big spots. How did these birds know where they were? Do robins have a superior sense of smell or of hearing? They get what they are after, at any rate!

Scientists and researchers are forever delving into the mysteries of disease, and little by little are mastering many a problem. Some day they will master cancer as they have pneumonia and other diseases. I am still amazed, and filled with wonder, at voices over the telephone, the radio, and TV—perhaps most of all over the reproduction of scenes and happenings over TV. Man himself is a miracle!

Tomorrow Mr. Adams will talk on the subject: "Distances."

## 863 STUDENTS ARE ENROLLED IN JOINTURE

Paul E. King, supervising principal of the Littlestown Joint school system, announced that 863 students are being taught in the local public school as of October 1 at the monthly meeting of the executive board held on Tuesday evening in Mr. King's office at the high school.

Of this number, 378 are from the borough; 166 from Germany township; 79 from Mt. Joy township; 190 from Union township; 49 from Mt. Pleasant township, and one from Conewago township.

Mr. King then presented his monthly report. He announced that Mrs. Geraldine Redding, teacher at Center school in Union township, was absent for two days due to illness and Lloyd L. Stavelly of the high school faculty was absent for two half days. Activities for the month of September, which ended with 18 days school taught, included the organization of extra curricular programs. Organization of classes and the annual magazine campaign took place. The proceeds from the magazine campaign will be divided equally between the music and athletic funds.

Victor Reynolds, a senior, was elected president of the student body at the special assembly on October 3. The band, under the direction of Paul A. Harner, played a special engagement at Gettysburg college in connection with the Gettysburg-Drexel Institute football game this past Saturday afternoon. The agriculture class, taught by George H. Dittow, took a field trip to Lancaster county on September 19. The schools will be closed on October 12, when all teachers will attend the PSEA meeting at York, which will be considered the second day of institute.

### Got Surplus Goods

The board was informed by Mr. King that he, together with other principals of the county, went to Harrisburg on September 19 to check a purchase of United States government surplus properties. Commodities received at the local cafeteria were 15 cases of cheese and 11 cases of sour cherries. The monthly cafeteria report stated total receipts of \$2,494.60, including \$595.69 subsidy. Expenditures were \$3,299.33. Meals served during a period of 17 days were an average of 370 daily. This is an increase of 84 daily meals over last year's average of 286 and an increase of 82 meals over September 1950, which was 288 meals per day.

The treasurer's report, presented by George Worley, follows: Receipts, \$8,924.82; expenditures to general control, \$41.67; cost of instruction, \$8,884.48; auxiliary agencies, \$979.99; co-ordinate activities, \$218.14; operation of plants, \$577.49; maintenance of plants, \$1,821.53 and fixed charges, \$266.51, a total of \$12,729.81. Wilbur E. Mackley was acting secretary of the executive board in the absence of Henry E. Waltman.

### Boards Meet Separately

The meetings of the individual boards followed, with Carl H. Baumgardner, president, presiding at the Littlestown board session. Secretary Luther W. Ritter presented his report. Mr. Ritter stated that the total receipts since the opening of the school term amounted to \$27,908.58, from tax collector LeRoy W. Bish. Bills ordered paid were as follows: To the Littlestown National bank for bond and interest, \$1,045; to LeRoy W. Bish, tax collector, \$697.71; to the Littlestown Joint School system, \$6,358.90, and to Mr. Ritter for expenses of attending the State School Directors' convention as a legislative representative, \$8.38. In attendance at the meeting in addition to President Baumgardner and Secretary Ritter were Lloyd E. Crouse and Wilbur E. Meckley.

The joint board then met at which time the bus contracts presented for approval were accepted and turned over formally to John Eline, Richard Hess and Eugene Greist. The board acted upon the recommendation of the county office in favor of erecting school bus stop signs and will wait for further instruction from the office before taking action. A discussion ensued concerning the need for additional housing to complete the consolidated school for the four districts. President Luther W. Ritter appointed the properties and supplies committee, Wilbur E. Mackley, chairman, to study the present facilities and present a report at the next monthly meeting of the board. The next session of the board will be held Tuesday, November 13, when the executive board will meet at 7:30 p.m., with the joint board and individual boards following.

**Harrisburg, Oct. 10 (P)—**The recent lack of rain has caused extensive damage to Pennsylvania's fish streams, the state fish commission says.

"In some areas streams are reduced to mere trickles while in a few cases entire streams are dry," said C. A. French, executive director of the commission. He made the statement yesterday after completing a tour of the streams in the northern counties of the state.

## JUNKETS MAY INCLUDE WOMEN

Washington, Oct. 10 (P)—Chalk up another victory for women:

When the men-folks in Congress go junketing off happily to remote parts hereafter, it's more than likely that at least one lady legislator will be going along.

The men may not like this. Some dislike it very much, in fact. But a fast team play by Rep. Hoffman (R-Mich.) and Congresswoman Katharine St. George (R-N. Y.) has put them squarely on the spot: Either they'll have to take the ladies on their occasional inspection trips to London, Paris and elsewhere, or a cloud of suspicion raised by Hoffman and Mrs. St. George will follow them every inch of the way. Until now these junkets, which will resume when Congress adjourns in a few weeks, have been pretty much all-male affairs. And then up rose Michigan's gray-haired Hoffman to suggest a reason for this apparent sex discrimination:

"Members," he said, "have been doing something that they do not want the women to learn about."

Delightedly, Mrs. St. George seconded the aspersions. "I understand," she told the House, "that some of these women are very hard-working women. They are inclined to keep other members of the committee to the grindstone. I can see for that reason they are not desired on these trips. They may spoil some of the more pleasurable moments, some of the recreation."

## DON COSSACKS AT EMMITSBURG ON OCTOBER 16

The General Platoff Don Cossack chorus and dancers will present a concert of liturgical music, folk melodies and regimental Cossack songs on October 16 at 7:30 p.m. in De Paul auditorium, Saint Joseph college. The presentation of the Don Cossack chorus will be the second in a series of programs sponsored jointly by Saint Joseph and Mount Saint Mary's colleges.

The Don Cossack chorus, conducted by Nicholas Kosturkoff, has presented choral selections in all parts of the United States. They appeared in Gettysburg a few years ago.

During World War II this group received high praise from military officials for its cooperation in presenting numerous concerts at camps both here and overseas. Treasury officials added their commendations for the many benefit concerts given to boost the sale of war bonds.

**Chorus Founded In 1927**  
In 1918 the Cossacks set up the Republic of the Don. Their spirit of independence made them one of the original leaders in the fight against the then little heeded threat of Communism. After battles in which many of them were killed, the Cossacks were driven from their homeland, preferring to live in exile rather than under a tyranny which disregarded religion.

Nicholas Kosturkoff gathered together the members of the Don Cossack chorus. In 1927 they presented their first concert in the cathedral in Prague, Czechoslovakia. After that the chorus traveled on five continents.

The program to be presented on October 16 will consist of three parts. The first part is composed of religious music; part two will feature folk songs and part three will include other folk melodies and a special arrangement of "Sound-Off," the U. S. Army song by W. Lee Duckworth, sung without the conductor. The program will conclude with Ko-atchak, the Dance of the Don Cossacks.

## Pa. School Directors Will Elect Today

Harrisburg, Oct. 10 (P)—Election of officers is the big item on the agenda today as the Pennsylvania State School Directors association closed a two-day convention here. Also scheduled for today are talks by Dr. John H. Furbay, explorer and lecturer, on "Education For One World," and by Dr. Leo Travis, McKeesport school district secretary, on "Creating a Seeing Environment."

Some 2,500 school directors and school board secretaries were told by Gov. Theodore R. McKeldin, of Maryland, last night that government income has increased along with rising government costs.

"Your job as directors is to weigh the needs of your school district against what the people can conveniently afford to pay," McKeldin said. The Maryland governor said that although government is paying more for labor, services and construction it is receiving more in income taxes, sales taxes and real estate taxes.

## Gen. Clark's Son Wounded In Korea

Eastern Front, Korea, Oct. 7 — (Delayed by Censors) (P) — Capt. William D. Clark, 26, son of Gen. Mark Clark, was wounded seriously today west of "Heartbreak Ridge" by Communist mortar fire. Clark, operations officer of a battalion in the U. S. Ninth Infantry regiment, was hit in the back and chest. His unit was attacking a Red hill at the entrance to the Munding valley.

Clark's father is chief of army field forces with headquarters at Fort Monroe, Va.

Captain Clark was wounded once before in Korea.

### OPPOSED BOWLES

Washington, Oct. 10 (P)—Senator Martin (R-Pa.) was one of 32 Republican and one Democratic senators voting against confirmation of the nomination of Chester Bowles for ambassador to India yesterday. The nomination was confirmed by the Senate in a 43 to 33 roll call vote. James Duff, Pennsylvania's other Republican senator, was not listed in the balloting.

## ESCAPED RED CAPTURED BY MEXICAN COPS

Laredo, Tex., Oct. 10 (P)—Gus Hall, one of four top U. S. Communist bail jumpers, was turned over to the FBI in the darkness at 3 a.m. today on the international bridge that connects the United States and Mexico.

A Laredo newsman, Tom Green of the Laredo Times, said he watched five men in an old model four-door Plymouth sedan with Mexican license plates drive across the bridge here. He said one of the men appeared to be Hall and the rest "appeared to be Mexican officers."

In Washington FBI Chief J. Edgar Hoover announced that Hall had been arrested.

### To Be Jailed

FBI agents in Laredo and local police refused to comment on the arrest or on Hoover's announcement. Hoover said that Hall, national secretary of the Communist party, would be sent to jail at once but didn't say where.

Hall was one of four top U. S. Communists who jumped bail after conviction of conspiring to teach and advocate the violent overthrow of the government.

Hall and ten other top Communist party leaders in the United States were given prison sentences after their conviction of violating the Smith act, which makes it a federal crime to teach or advocate the overthrow of the government by force or violence.

### Lose \$80,000 Bail

The three other fugitives and Hall were out on \$80,000 bail. The bail was posted by the Civil Rights Congress which lost its \$80,000 on the deal.

Since then, a New York federal judge has banned the CRC's bail fund from acting as bondsman in any case in a New York federal district court.

There was immediate speculation last July that the four American Communists might skip the country. All had been to Russia at one time or another.

## Kentucky Draft Board Resigns

Lexington, Ky., Oct. 10 (P) — A three-man local draft board has resigned in protest of a national selective service policy of inducting childless married men while deferring college students.

The board quit yesterday, labeling the order as "discriminatory and one which we would not subscribe to."

Gov. Lawrence Wetherby was unavailable for comment or action.

The board included accountant Sam W. Eskew; Stuart G. Levy, clothing store executive, and tobacco broker E. J. O'Brien, Jr.

All three also were critical of the Kentucky draft appeal board's recent refusal to uphold the board when it rejected the deferment of 18 college students.

## Japs To Wrestle At Hershey Arena

Hershey, Oct. 10 — Coincidental with the signing of the Japanese peace treaty last month in San Francisco a quartet of Jap Sumo wrestlers arrived in this country on what they termed a goodwill tour.

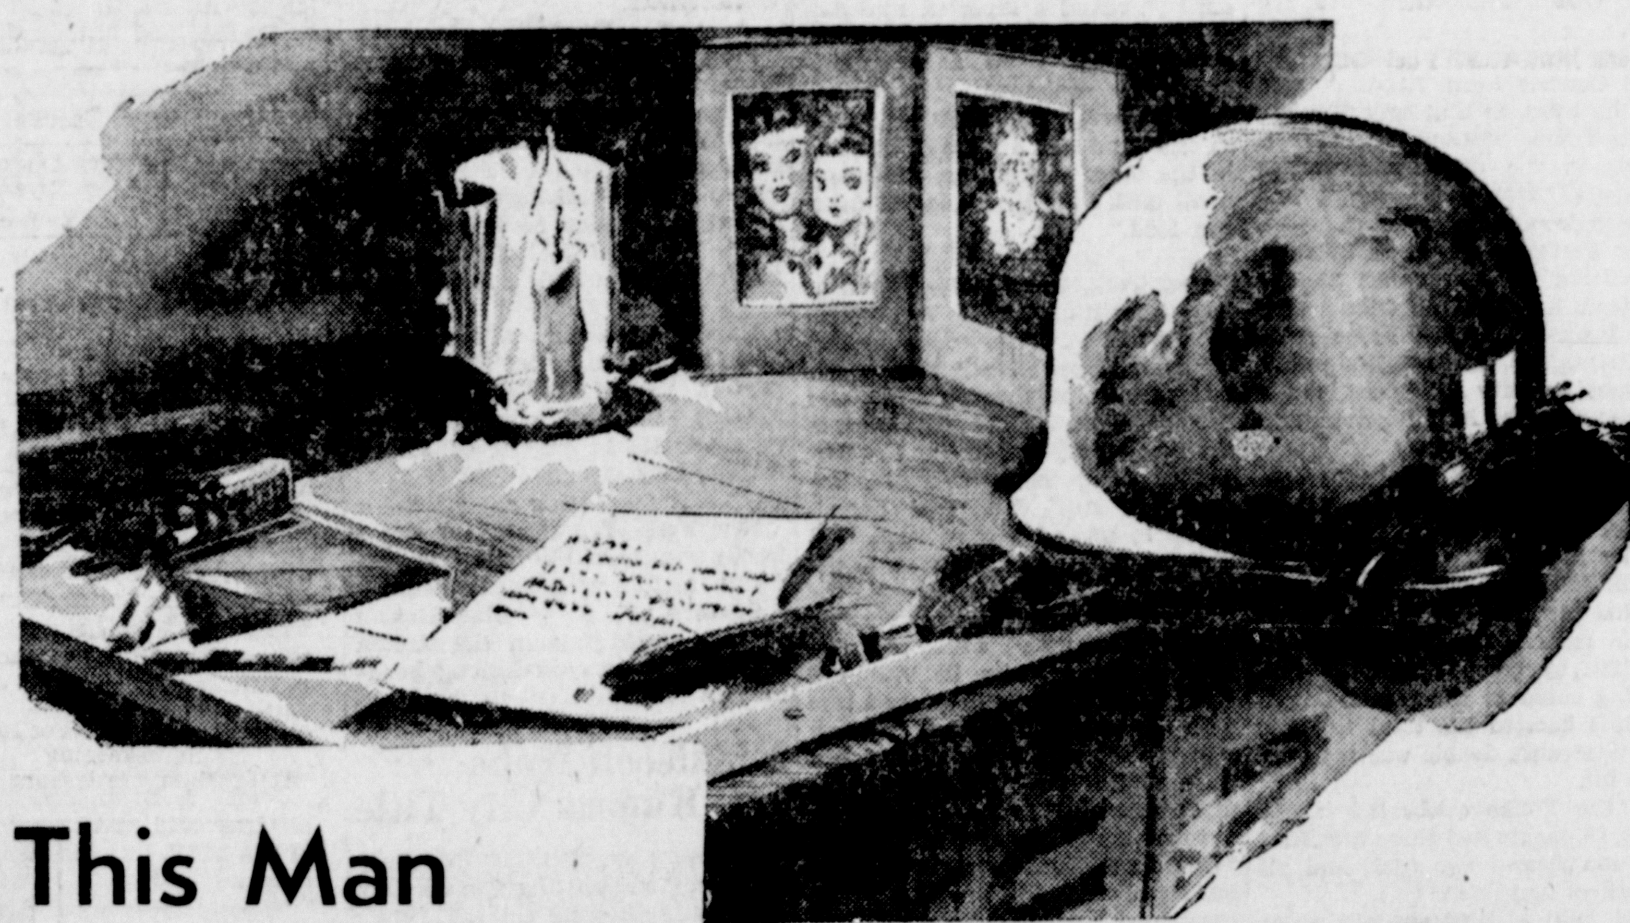

These four Sumo matmen—Maedayama, Onoumi and Fujitayama—will be featured on Promoter Bert Bertolini's sixth all-star wrestling card at the Hershey Sports Arena, Tuesday night, October 16.

Yakutayama, Onoumi and Fujitayama will wage a round-robin tournament to determine which will meet Maedayama in the evening's grand finale. It will be a real display of Sumo wrestling, not an exhibition, and, should Maedayama lose, he will surrender his crown.

Philadelphia, Oct. 10 (P)—A seven-year-old girl returning home Monday after visiting friends was killed by an auto. Kathleen Stapleton, daughter of Mr. and Mrs. William Stapleton, was pronounced dead at Frankford hospital. Police arrested Samuel Feldman, 61, of Philadelphia, on a charge of involuntary manslaughter.

Apparently Hall slipped across the Mexican border and hid out. Laredo is on the border.

## This Man Can Do A Job For You!

An American soldier sits at a crudely constructed desk in a Korean dugout. He writes to tell his family that he is well and happy and that he'll soon be on his way home. — Then suddenly, without warning, one shell screams from never-never-land, and the story changes. The soldier goes home, BUT . . . he goes home with a medical discharge, one which describes a physical handicap. —He needs a job. WHO will hire him? We're hoping YOU will be his boss. HERE IS WHY we recommend him:

## JUDGE MEN BY ABILITY . . . NOT DISABILITY!

Millions of handicapped workers are doing a good job, and they give proof to the fact that physical handicaps need not be job handicaps. Employers who have had experience with handicapped workers know that . . . when placed in the right jobs . . . they are just as productive as non-handicapped workers . . . AND . . . A LOT MORE CAREFUL! — Handicapped workers in the right jobs are ASSETS to their employers, their communities and the Nation. That's why we're asking all employers to judge men . . . not by their disabilities . . . but for their ABILITIES.

# SGT. PRYOR IS SPEAKER FOR ADAMS FIREMEN

Sgt. Lawrence Pryor, from the Bureau of Fire Protection, Pennsylvania State Police, was the guest speaker at the fourth quarterly meeting of the Adams County Firemen's association Monday evening in the Abbottstown fire hall with the host group. Over 100 firemen from the 17 of the 25 companies with membership in the association were represented. Abbottstown, Aspers, Barlow, Bendersville, Biglerville, Bonneauville, Cashtown, East Berlin, Fairfield, Fountaineau, Hampton, Irishtown, Littlestown, New Oxford, York Springs, Conewago and Centennial companies were represented.

Sergeant Pryor spoke to the group on fire prevention, in connection with Fire Prevention Week, being observed nationally. The speaker said there are 126 assistants to the state fire marshal's office and the reports of the fire chiefs which are sent there make it possible to have an extremely high number of convictions for arson in the state. Sgt. Pryor recommended to fire chiefs that all reports sent to the state should be accurate and in case of death by fire, there should be a thorough investigation and an immediate report. Monday was the third visit which Sgt. Pryor has made to the Adams County Firemen's association. He then explained to the firemen present the difference between accidental fires and those

premeditated by the person who commits the arson. He stated that "most people are ignorant with regard to fire — instead of locking a child inside the house and going off to some sort of entertainment, it would be much better to lock them outside the house." Sgt. Pryor said that "people see movies and hear talks, but it must strike home before the individual will take an active interest in fire prevention." Never in the history of the world have so many people been able to read and write, but also never in the history of the world have there been so many people ignorant of fires, he asserted. Entertainment also included the showing of two films "Men Of Fire" and "More Dangerous Than Dynamite" by Elmer E. Furlow of Littlestown.

Adams County Fire Marshal John Murren, of Centennial, spoke to the firemen with regard to a new form which has been adopted for the county and gave pertinent information concerning how the forms are prepared. Every fire resulting in damage over \$50 is to be reported by the fire chief, on the form, copies of which were distributed by the marshal to both county and state within 48 hours of the fire. Pamphlets were distributed to those present on Fire Prevention Week.

**Plan Annual Memorial**  
Charles Bretz, Bendersville, president of the association, presided at the Monday meeting, which opened with the group singing of "America" and group prayer led by J. Faber Wildasin, past president of the host company. The secretary's report given by Roger Myers, Fairfield, was followed with an address of welcome given by Charles Smith, president of the host company. It was reported that death benefits had been remitted to the wife of

## ODD FELLOWS

(Continued from Page 1)  
J. Winbrenner, Edward N. Stine and H. H. Reuning, trustees; Richard B. Naugle, past grand.

Mr. Little succeeds C. A. Heiges, former Gettysburg burgess, who served the lodge as treasurer for 32 years before resigning recently because of ill health.

Installing grand officers included District Deputy Grand Master Golden, Marshal Preston Zerbe, Warden Lynn Smith, Chaplain Harold Miller, Treasurer Clair Pittenturf and Secretary P. D. Bubb.

Lawrence M. Sheads explained the Crusade for Freedom and urged the support of the members in the current drive to raise funds for the Crusade.

Lake T. Rice, Arendtsville, and the wife of the late Dale Bricker, Biglerville. A committee composed of Bruce Wetzel, Ivan Gulden of Cashtown and Calvin Larue, East Berlin, was appointed to make arrangements for the annual memorial service to be held on Sunday, November 18. There was a discussion on the possibility of conducting the memorial service in connection with the annual convention but the matter was tabled and it was decided to hold the service in November, in accordance with the present bylaws.

The treasurer's report was presented by Edward G. Loeffel, Littlestown. J. Faber Wildasin, Abbottstown, reported for the year book committee that a check for the receipts will be available at the next meeting, as some of the accounts have not yet been paid. It was recommended that the association invest \$1,000 in bonds, but no action was taken. A silver offering was received and presented to the host company to help with the expenses of the meeting. The committee from the host company which was in charge of arrangements and refreshments which were served at the close of the meeting included Norman Miller, Earl Butt and John Shultz. The program arrangements were in charge of the county publicity committee consisting of Paul E. Altoff and Henry E. Waltman, Littlestown, and the fire marshal, John Murren, Centennial.

The next quarterly meeting of the association will be held on January 7, 1952. The place of meeting will be announced later.

Do you know that beer—all beer—is 87% water? It is. That's why what water goes into beer is so important.

Naturally we want to make the finest, mel-lowest beer we can. Naturally we buy the best malt, hops, and yeast that money buys. And in the \$1,000,000 Cumberland Brewery, OLD EXPORT is slowly, carefully brewed by brewmasters who are experts at the old-time

art. Then OLD EXPORT is richly mellowed by aging in our vast cellars.

But there's something else—something money can't buy, that goes into OLD EXPORT to give it the famous tangy taste that's made it tops for half a century. And that important thing is *mountain water*—taste and find out for yourself—MOUNTAIN WATER MAKES THE DIFFERENCE!

### 48 years ago he built his brewery in the mountains

The Founder of the Cumberland Brewery was an old-time brewmaster—he knew that the water that goes into beer makes all the difference—that's why, in 1890, he went to Cumberland in the Alleghenies to found this brewery. And that's why OLD EXPORT has been a standout favorite ever since. *Mountain water makes the difference.*

## POSSIBILITY OF ATOM BOMB IN KOREA WEIGHED

By HAL BOYLE

New York, Oct. 10 (AP) — Will the Allies employ atom bombs to shorten the war in Korea?

What is behind Joe Stalin's announcement that the Russians have exploded a test atom bomb but they don't plan to use it against the United States?

To get the answer to these timely questions I went to call on my old friend, Col. Anlo Prothing, U.S.A. (retired). The colonel is a frosty old cavalry officer—competently imaginary—who says he quit the army in 1909 because the administration of President William Howard Taft was so peaceful it made him nervous.

### Still in Civil War

As usual I found the old boy poring over antique war maps in his study with a glass of bourbon in his hand.

"Gad," he said, shuddering, "that General Grant was a slipshod character. With three more horses—and my advice—Bob Lee could have chased him from Appomattox clear through Abe Lincoln's bedroom in the White House."

Sometimes it is hard to dig Col. Prothing out of past battles. He doesn't hold Napoleon's errors against him, but he feels that whoever promoted Bonaparte from corporal to sergeant made a big historical mistake.

"I see you have a problem, junior," he greeted me, as I tossed him a snappy Boy Scout salute.

"Sir," I said, "you will recall I interviewed you two years ago, and you said then that the atom bomb was an ideal tactical weapon to use against enemy ground troops if Russia invaded Europe."

"Indeed I do, Junior," he replied. "Up until then the commentators had spoken of the atom bomb as merely a strategic weapon. That was nonsense. Any strategic weapon can be employed tactically—and should be if necessary."

"Only a stratified military brain

thinks otherwise. There are occasions when it might be wise to use a shotgun to kill a horsefly."

I asked the colonel what about the situation in Korea.

**Must Pull Bigger Trigger**  
"We are in a stalemate there," he said, "and I see no end to that stalemate as long as we depend upon ordinary airpower and mass infantry and armored attacks. We have to pull a bigger trigger."

"Such as, Sir?"

"Well, Junior, I believe we could do it either with gas or with atom bombs. Many people regard these weapons as immoral. But if you believe in what you are fighting for, there is no immorality greater than defeat."

"If we have as many atom bombs as the statesmen hint, Sir," I said, "we ought to be able to pitch them around in Korea like baseballs. Why haven't we?"

"It's A Gamble"  
"One reason is that the military mind is even more cautious than the civilian mind," explained the colonel. "I myself believe that if we start throwing atom bombs in Korea we'll quickly whip the Chinese."

"But that atom bomb is our ace-in-the-hole. If we do toss 'em and the Chinese don't quit—well, Junior, we're going to have some mighty surprised faces. And our European friends are going to wonder just how much help and protection we

can give them.

"It's a gamble. But so is everything in war and politics and peace, Junior."

"What if we use atom bombs in Korea, and Russia gives the Chinese a few atom bombs to throw at our troops there, Sir?" I asked.

"That would automatically start the third world war," said Col. Prothing sternly. "And I don't think Joe Stalin is that big a fool. He's bluffing."

## What's the fastest-growing line of trucks in America?

LOOK around you—in cities, on farms, at terminals and loading docks—wherever goods are moved on wheels.

More and more, the pay load's packed on a GMC.

You see those letters on medium and heavy Diesels, the most economical workers in their field. For GMC means first in Diesel power.

You see gasoline-powered GMC's front-running the highways of America—pace-setting delivery of the necessities of peace and war.

You see nimble bantamweights of the family—the highest-powered ½- to 2-tonners made—outpulling, outhauling every other truck in their class.

Ever wonder why GMC is gaining a greater percentage of the industry than any other truck-maker?

Ask the truck drivers themselves.

See the confident way they talk of

the power plants, the broad-shouldered chassis—the way a GMC handles.

Ask about the tons they've hauled, the miles they've logged—the nip-and-tuck schedules they've licked time and again.

Ask these cost-wary haulers why they've made GMC the fastest-growing fleet in the land.

They'll tell you it's because GMC is the finest motor truck made.

If you'll come in, we'll show you why we think they're right.

Many NFL club owners took the news of the suit lightly. League President Bert Bell laughed out loud and said, "Why with only a few small exceptions our entire television and radio program is based on suggestions by the trust department. We have nothing to fear. If we are in violation of any anti-trust laws then we want to find it out. We don't believe it."

The Justice Department said it picked the NFL for the test case because it is the worst in respect to having the greatest restrictions on radio and TV of any major sports activity.

In Washington, this was the comment of President George P. Marshall of the Redskins. "It is highly flattering that in the whole scene of sports our league is the one selected for the test case. I believe it is a good thing that someone is making an effort to decide what these rules should be."

# "Fascinated" Man Nabbed For Staring

Long Beach, Calif., Oct. 10 (AP)—Robert L. Browning, 39, was picked up on a disorderly conduct charge yesterday after Mrs. Jaquette Sather, 24, complained that he stared at her for as long as 20 minutes at a time.

First, she said, he came into the liquor store where she works and just sat and looked. She asked him to stop. Then he started driving by and gazing at her through binoculars, she said.

Slam Mrs. Sather has green eyes and honey colored hair. Police quoted Browning as saying, "I just couldn't help looking at her. She fascinated me."

The Liberty Bell has been removed from Independence Hall in Philadelphia on nine occasions since 1776. Most of these were for exhibitions in other cities except in 1777 when it was hidden in an Allentown, Pa., church to keep it out of British hands.

Long Beach, Calif., Oct. 10 (AP)—Robert L. Browning, 39, was picked up on a disorderly conduct charge yesterday after Mrs. Jaquetta Sather, 24, complained that he stared at her for as long as 20 minutes at a time.

First, she said, he came into the liquor store where she works and just sat and looked. She asked him to stop. Then he started driving by and gazing at her through binoculars, she said.

Slim Mrs. Sather has green eyes and honey colored hair. Police quoted Browning as saying, "I just couldn't help looking at her. She fascinated me."

The Liberty Bell has been removed from Independence Hall in Philadelphia on nine occasions since 1776. Most of these were for exhibitions in other cities except in 1777, when it was hidden in an Allentown, Pa., church to keep it out of British hands.

FIGHT RUSSIA, SAYS LOCAL GI

At least one American soldier fighting in Korea thinks it ought to be an "all-out" war against Russia. An Adams county man, Pfc Joseph E. Cato, one of a detachment of patients in an overseas hospital, says, "This is no police action, it is a regular slaughterhouse, a testing ground for new weapons, while men are being killed, for what?"

Cato, with the help he says, of several of the men in his outfit, composed a poem which endeavors to express some of the views of the 1951 GI in Korea. Cato sent it to The Gettysburg Times. His poem calls Korea "the land that God forgot." Two of his stanzas say:

**Wants To Fight Russia**

"Down with the snakes and lizards, down where a man gets blue, right in the middle of nowhere, thousands of miles from you, we sweat, we freeze, we shiver, it's more than a man can stand. We are not supposed to be convicts, just defenders of our land."

Cato concludes his letter by saying, "If we are going to have war we are in favor of an all-out war. In this police action, we don't even know who our enemy is. We are only allowed to shoot North Koreans and Chinks but no Russians. If Russia can and the Reds and we can't strike back, why not let us withdraw from this slaughter and wait until they give us license to shoot Russians too?"

"We know Russia is our enemy if they can supply the Reds and we can't do anything to cut off their supply lines from inside Russia, then why are we fighting at all?"

Edward Arnold Weds Sunday, Third Time

Southport, Conn., Oct. 10 (AP) — Actor Edward Arnold, who impersonates American presidents on the radio, plans to take his new bride to Washington soon for a visit with President Truman.

Arnold, 61, was married here on Monday to the former Mrs. Cioe P. McCain, 43, of Detroit.

The couple said they would go to Puerto Rico after visiting Mr. Truman. They then will return to New York for Arnold's radio and television engagements.

Only 16 close friends attended the ceremony on the estate here of Frederick Ohse, Arnold's cousin. The Rev. Galem Russell, of the Southport Congregational church, officiated.

It was the third wedding for Arnold, the second for his wife. Arnold said they would make their permanent home at his ranch near East Highland, Calif.

Bury Brothers Slain Together In Korea

Batesville, Ark., Oct. 10 (AP) — Two young brothers, who grew up together and died together in battle, were buried side-by-side in a little north Arkansas cemetery yesterday.

The brothers were killed in action with the First Cavalry Division in Korea last March. It may be the first instance in the Korean conflict in which two brothers were killed in the same action.

Building Ideas For Home Owners Of This Community

Rooms seven  
Bedrooms four  
Closets eleven  
Cubage 18,300 feet  
Dimensions 32 x 26 feet

We must have a house with several bedrooms—and with plenty of closet space.

To meet this demand now coming from many prospective builders, the Home of the Week Plan Service has designed "The Prospect," a Cape Cod variation which contains four good-sized bedrooms, 11 closets, and four tiers of built-in cupboard drawers for added storage space in the upstairs room.

For a family looking for an all-one-floor plan, this cottage would also suffice, for its upper floor could be left unfinished until a later date if budget limitations call for piecemeal construction.

**Wing Gives Extra Floor Space**

The house, with a wing at the right to give extra floor space to one of the first floor bedrooms, measures 32x26 feet. A lot with a 50-foot frontage would be adequate. The cubic content of the dwelling is 18,300 feet.

The house pictured was finished with painted clapboards and a black asphalt shingle roof, but the outside walls could be finished with shingles, painted or stained, or with brick or stone.

No garage plan is included but a garage and breezeway could be placed on the left of the house if the size of the lot permits.

The small gable treatment over the front door breaking the long cornice line, and the large living room window centered under the upper left dormer window give a pleasing distinction to the front.

**Picture Window And Fireplace**

The front entrance opens on a small hall with an arch at the left leading to a 14x12 1/2-foot living room. The stairs to the second floor with a coat closet at the right are opposite the front door. The door at the right of the front hall closes off the front bedroom.

The picture window and a fireplace centered in the other outside wall are features of the living room. Corresponding with the doorway to the front hall another arch in the long side wall of the living room looks into the 10x7 1/2-foot dining room. Here built-in china cabinets flank a fireplace.

A rear wing with a door connects the front and kitchen. This latter is a 10x8 1/2-foot room, well planned with the refrigerator placed in between two closets, the range placed at the end of an L-shaped cabinet. A door at the rear of the wing opens from the kitchen to a service entry on the side of the house.

**Hall Leads To Two Bedrooms**

Across the dining room from the kitchen door is a door to a small L-shaped rear wing leading to a bedroom and a storage closet. A linen closet and the bathroom open off this hall. The cellar stairway descends from the dining room closed off behind a door.

Each of the first floor bedrooms has a large closet and a window on two sides.

In the full basement, the main living area under the main floor and the equipment room are separated by a door. The cellar stairs lead to the rear of the house.

On the second floor, the main living area is a 12x12-foot room with a fireplace and built-in drawers. A door at the front opens to the hall at the left has two large closets. The rear of the night one.

This house could be built in association with other houses in the series. A site plan showing the location of the house in the series is available.

SAFETY FACTOR IN THE KITCHEN IS IMPORTANT

Mishaps and accidents, unpleasant enough in any part of the home, are more likely to be dangerous in the kitchen than any other room. Almost one of every five persons hospitalized for home injuries is hurt in the kitchen, safety records reveal.

Fortunately safety can be planned into the kitchen along with comfort, and the two qualities as a matter of fact usually go together, says a Tile Council of America report.

A definite accident preventive in kitchens is the proper placing of cupboards and shelving. The report points out. Many serious falls result from attempts to reach articles on too high shelves. Most homemakers can reach a top shelf not more than six feet above the floor, and the maximum is therefore usually recommended.

**Too-High Shelves A Hazard**

Storage of the stepladder in the basement or utility room is the indirect cause of many kitchen accidents, says the report. If very high shelves are needed, an excellent plan is to provide a definite space in the kitchen itself for the stepladder so that it will be used instead of a chair or other makeshift climbing support.

Patigue greatly increases the possibility of accidents. Labor saving equipment, walls finished with such easily cleaned materials and work surfaces at proper heights are therefore definite contributions to kitchen safety, the report points out.

**Range Location Important**

The location of the range plays a major role in safety. It is best placed away from traffic, so that vessels on it will not be accidentally hit or the oven door opened into an area where someone may bump against it. A panel back of the range finished with tile provides good insurance against fire and is easily kept free of grease.

Finally, adequate lighting is a "must." Lights over the sink and over work surfaces both improve kitchen working conditions and lessen the chance of accidents, says the report.

Hardware Stains Can Be Removed

If copper or bronze hardware on doors cause staining of the painted surface, a partial remedy is to remove the hardware from the doors, clean both the backs and fronts thoroughly, polish, wipe clean with benzine and then apply spar varnish or clear lacquer to both sides of the metal.

If staining has necessitated the re-

Electricity Cause Of Many Blazes

More than 65,000 fires a year, or more than 10 percent of the national total, are caused by electrical short-circuits, defective appliances and misuse of electricity. Resulting damage exceeds \$71,000,000.

A large proportion of these fires are caused by short-circuits due to overloaded wires or make-shift wiring installed by home owners in the erroneous belief that they are saving money.

No circuit should have more than 12 outlets and no wiring be installed except by an expert electrician.

painting of the door, that job should be done before the cleaned and re-finished hardware is glued back into place.

If the hardware is iron, every trace of rust should be removed and both sides given a good coating of paint before putting the hardware back in place.

# Building Ideas For Home Owners Of This Community

Rooms ..... seven  
Bedrooms ..... four  
Closets ..... eleven  
Cubage ..... 18,300 feet  
Dimensions ..... 32 x 26 feet

We must have a house with several bedrooms—and with plenty of closet space.

To meet this demand, now coming from many prospective builders, the Home of the Week Plan Service has designed "The Prospect," a Cape Cod variation which contains four good-sized bedrooms, 11 closets, and four tiers of built-in cupboard drawers for added storage space in the upstairs room.

For a family looking for an all-one-floor plan, this cottage would also suffice, for its upper floor could be left unfinished until a later date if budget limitations call for piecemeal construction.

## Wing Gives Extra Floor Space

The house, with a wing at the right to give extra floor space to one of the first floor bedrooms, measures 32x26 feet. A lot with a 50-foot frontage would be adequate. The cubic content of the dwelling is 18,300 feet.

The house pictured was finished with painted clapboards and a black asphalt shingle roof, but the outside walls could be finished with shingles, painted or stained; or with brick or stone.

No garage plan is included, but a garage and breezeway could be placed on the left of the house if the size of the lot permits.

The small gable treatment over the front door, breaking the long cornice line; and the large living room window, centered under the upper left dormer window, give a pleasing distinction to the front.

## Picture Window And Fireplace

The front entrance opens on a small hall with an arch at the left leading to a 14x13½-foot living room. The stairs to the second floor, with a coat closet at the right, are opposite the front door. The door at the right of the front hall closes off the front bedroom.

The picture window, and a fireplace centered in the other outside wall, are features of the living room. Corresponding with the archway to the front hall another arch, in the long inside wall of the living room looks into the 10x7½-foot dining room. Here built-in china cabinets flank a window at the rear.

A two-way swinging door connects dining room and kitchen. This latter is a 10x8½-foot room, well planned, with the refrigerator tucked in between two closets; the range placed at the end of an L-shaped working counter. A door with glazed top panel opens from the kitchen to a service entry, on the side of the house.

## Hall Leads To Two Bedrooms

Across the dining room from the kitchen door is another door to a small L-shaped rear hall leading to the two bedrooms. A storage closet, a linen closet and the bathroom open off this hall. The cellar stairway descends from the dining room, closed off behind a door.

Each of the first floor bedrooms has a large closet and windows on two sides.

In the full basement, the furnace is under the living room, and laundry equipment under the kitchen. This arrangement leaves the rest of the cellar free for any use the owners may wish to make of it.

On the second floor the stairs land in a short hall. Bedroom doors are at right and left of this hall, and a lavette is between the bedrooms. Each bedroom measures 13x12 feet, has windows on three sides, and built-in drawers tucked into the front eaves. The room at the left has two large closets; the one on the right, one.

This house should be fully insulated, with ventilating louvers in the gable ends. A site facing from north-east to southwest is recommended.

Complete plans and specifications for "The Prospect" and other houses in this series are available at moderate cost. To ascertain the exact

price of these documents write to the Home Building Editor, Dept. 18, The Gettysburg Times, and enclose a self-addressed envelope bearing a three-cent stamp. At least one week should be allowed for a reply. (Copyright, 1949, by Home of the Week Plan Service, Inc.)

# DARKER WALLS CURRENT TREND

Because 20 to 30 percent more window area is used in the average home built today than in that of 20 years ago, the modern decorative trend is toward dark-colored walls, reports the Construction Research Bureau of New York, clearing house for building information.

Oversized windows admit so much more light that homes are no longer limited to light-toned walls, bureau experts say. Darker wall treatment stems from the trend of the popular picture window, which in some homes is 16 feet long and 8 feet high. Picture windows are not confined to the living room, now being used also in bedroom, kitchen and children's room.

With the trend to darker walls has also come the use of color schemes employing combinations of warm colors and cool colors in the same room instead of a single color for all four walls.

Complementary colors should be used judiciously. A small dash of vibrant orange counteracts a much larger portion of cool color such as green. Colors should be balanced so that stimulating warm colors do not overpower soothing cool colors.

# Egypt To Break Ties With Britain

Cairo, Egypt, Oct. 10 — (AP) Crowds demonstrated in Cairo streets Tuesday celebrating Egypt's decision to cancel her mutual defense treaty with Britain. But Britain insisted that Egypt has no legal right to break off the pact which lets British troops and planes guard the Suez canal from Egyptian bases.

Prime Minister Mustafa Nahas Pasha laid bills before a cheering Parliament yesterday to oust the British by breaking the 20-year agreement. It was signed in 1936 and still has five years to run.

The British embassy in Cairo promptly issued a statement asserting Nahas Pasha's action "has no legal force since the treaty contains no provisions for denunciation at any time."

However, the pact contains a provision permitting renegotiation of its terms after 10 years. The two countries have been arguing over them since 1946.

Perhaps the largest gun ever built was "Little David," designed by the U.S. Army to attack the German Siegfried line in World War II but never used.

# SAFETY FACTOR IN THE KITCHEN IS IMPORTANT

Mishaps and accidents, unpleasant enough in any part of the home, are more likely to be dangerous in the kitchen than any other room. Almost one of every five persons hospitalized for home injuries is hurt in the kitchen, safety records reveal.

Fortunately, safety can be planned into the kitchen along with comfort, and the two qualities as a matter of fact usually go together, says a Tile Council of America report.

A definite accident preventive in kitchens is the proper placing of cupboards and shelving, the report points out. Many serious falls result from attempts to reach articles on too high shelves. Most homemakers can reach a top shelf not more than six feet above the floor, and the maximum is therefore usually recommended.

## Too-High Shelves A Hazard

Storage of the stepladder in the basement or utility room is the indirect cause of many kitchen accidents, says the report. If very high shelves are needed, an excellent plan is to provide a definite space in the kitchen itself for the stepladder, so that it will be used instead of a chair or other makeshift climbing support.

Fatigue greatly increases the possibility of accidents. Labor saving equipment, walls finished with such easily cleaned materials and work surfaces at proper heights are therefore definite contributions to kitchen safety, the report points out.

**Range Location Important**  
The location of the range plays a major role in safety. It is best placed away from traffic, so that vessels on it will not be accidentally hit or the oven door opened into an area where someone may bump against it. A panel back of the range finished with tile provides good insurance against fire and is easily kept free of grease.

Finally, adequate lighting is a "must." Lights over the sink and over work surfaces both improve kitchen working conditions and lessen the chance of accidents, says the report.

More than 65,000 fires a year, or more than 10 percent of the national total, are caused by electrical short-circuits, defective appliances and misuse of electricity. Resulting damage exceeds \$71,000,000.

A large proportion of these fires are caused by short-circuits due to overloaded wires or makeshift wiring installed by home owners in the erroneous belief that they are saving money.

No circuit should have more than 12 outlets and no wiring be installed except by an expert electrician.

# Hardware Stains Can Be Removed

If copper or bronze hardware or doors cause staining of the painted surface, a partial remedy is to remove the hardware from the doors, clean both the backs and fronts thoroughly, polish, wipe clean with benzine and then apply spar varnish or clear lacquer to both sides of the metal.

If staining has necessitated the re-

painting of the door, that job should be done before the cleaned and re-finished hardware is glued back into place.

If the hardware is iron, every trace of rust should be removed and both sides given a good coating of paint before putting the hardware back in place.

The National Geographic Society says the Australian dingo is the most dog-like of wild canines.
